Dear Bob

It's so beautiful being with you again the last time we broke up I thought it would never happin again but I guess were just made for each other or we wouldn't be back together in this much happiness as I look at it. I never loved a guy as I do you sweetheart and I sure hope it lasts that way forever and ever. From all the boys I know you have got the most outstanding head on your shoulders and sure hope and pray you never ruin it for yourself your future years should be just wonderful you may not know it babe but I do.

Bob no matter how long it takes but I'm gona really try my hardest with all my love to make it last and it can be beautiful all the time. I wish I would have realized what kind of guy you are but until I was really ready and out-going with myself then I found out how my head was in space some where but now I think I've got my head together pretty well about you and I've never been serious with another guy like I am you. Let stay together and make it last Babe I Love you forever

A COLLAGE OF MEMORIES . . .

Memories ? Would you believe Worries!! Deadlines!! Frustrations!! But with the enthusiastic help from the great 1974 Avogan Staff, this book became a reality! Also, I recognize and thank Taylor Publishing Company, Tom and Dan of Glenbrier Studios, "Debbie", and a special thanks to Mr. Dunahoo.

If this book is still important to you and generates nostalgia five-ten-fifteen years from now — we have accomplished what we set out to do!!

Mindie Mueller
